WATER HEATERS

Magma Plus water heaters is an excellent product that has been designed & built to last. It comes with a durable & corrosion resistant porcelain enamel tank. It is designed to be Hard Water Proof with Scaleguard Technology. An updated and pleasing design with metallic finish colours lends this model a new grace & charm to blend with your bathroom decor.

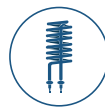

**Porcelain Enamel Glass Lined Tank:** Manufactured in a modern, automated plant using European Technology. Protects the tank from rust and corrosion.

**Glasslined Double Ceramic Heating Elements:** Shock-proof, hard water proof, long-lasting (All vertical & except 6GV model).

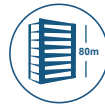

**Incoloy 800 element:** Withstands temperatures up to 1000°C. Long lasting, even in case of hard water. Reduces scale formation. Prevents premature element failure. (All Horizontal models & except 10 Litres).

**Tubular Element :** High quality copper heating element for long life and performance (for 6GV & 10GH Models only)\*\*.

**PUF Insulation:** 3cm thick (PUF) insulation keeps the water hot for a much longer time and reduces energy consumption.

**8 bar pressure:** Suitable for pressure pumps and multi-storey buildings.

**Scale Guard Technology :** In Ceramic heating element heat is transferred over a much larger surface area, which reduces the stress on heating element, lowers watts density/sq.cm and ensures less scale deposition on heating element.

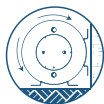

**Triple Safety :** Multi-function Safety Valve, Capillary Thermostat & Thermal cutout.

**Plastic Outer Body :** Corrosion free. Shock proof. (Upto 25L Models).

**Temperature Display :** The display will show the real time temperature

**Flexi Mount:** Flexible mounting options (Horizontal Model) Wall/Floor mounting. Left/right side opening options available - ideal for modern apartments.

**5 Years Guarantee :** On Inner Tank
