Celo & Celo Smart

Introducing CELO the most versatile water heater Safety, efficiency and technology combined in one water heater.

Glass Shield Tank Protection: Manufactured in a modern, automated plant using European Technology. Protects the tank from rust and corrosion.

Glasslined Incoloy Heating Element: Withstands temperatures up to 1000°C. Long lasting, even in hard water. Reduces scale formation. Prevents premature element failure (except 6 litres).

3cm Thick PUF Insulation: 3cm thick (PUF) insulation keeps the water hot for a much longer time and reduces energy consumption.

Copper Element : High quality copper heating element for long life and performance (for 6CV Model only).

Heat Retention Technology : No Thermal Bridge between the Tank and the external Housing, there by enabling 16% lower Thermal Losses.

Temperature Display : The display will show the real time temperature.

Sacrificial Magnesium Anode: A special device to enhance the corrosion protection of the tank by means of "Cathodic action".

Triple Safety Shield : Multi-function Safety Valve, Capillary Thermostat & Thermal cutout.

8 Bar Pressure: Suitable for pressure pumps and multi-storey buildings.

7 years guarantee on inner tank

***All features of Celo Smart models included.**

Celo Smart Features

Digital Display: For visual indication of temperature.

Blue for Heating

Red for Ready to use
