Thermora

VENUS™
Hot Water Professionals

Built Tough Stays Hot

Experience Unmatched Resilience with Our Reliable Water Heaters

3.5cm Thick PUF Insulation

Glasslined Double Ceramic Heating Elements

60 Years Quality Reliability Trust

Introducing Thermora the water heater engineered not to be hidden. Crafted with a sleek, modern silhouette to complement your space and backed by relentless performance to transform it. This is where thoughtful design and powerful engineering unite, delivering a steady flow of hot water with efficiency and style. Welcome to a new standard, where the appliance you rely on is also one you're proud to show.

Glass Shield Tank Protection: Manufactured in a modern, automated plant using European Technology. Protects the tank from rust and corrosion.

Glasslined Double Ceramic Heating Element : Shock-proof, hard water proof, long-lasting (Vertical model).

Inco Tech Element: Withstands temperatures up to 1000°C. Long lasting, even in case of hard water. Reduces scale formation. Prevents premature element failure. (Horizontal models).

Temperature Display : The display will show the real time temperature

Scale Guard Technology : In Ceramic heating element heat is transferred over a much larger surface area, which reduces the stress on heating element, lowers watts density/sq.cm and ensures less scale deposition on heating element.

Dual Indicators : Red for Power, Green for heating.

Sacrificial Magnesium Anode: A special device to enhance the corrosion protection of the tank by means of "Cathodic action".

Triple Safety Shield : Multi-function Safety Valve, Capillary Thermostat & Thermal cutout.

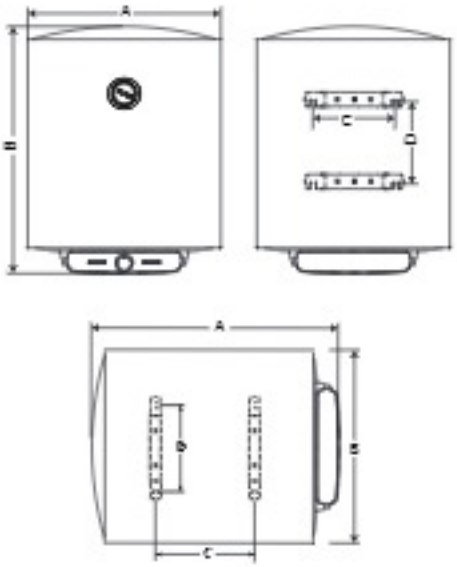

8 bar pressure: Suitable for pressure pumps and multi-storey buildings.

8 Years Guarantee : On Inner Tank

Product Specifications*

Model	Wattage	Capacity in Litres	Time to Raise Temp by 35°C	Dimensions (in mm)			
				A	B	C	D
Vertical							
50TV	2000	50	64min	472	605	200	201
